Sandeep Patel

Engineering Manager at Gumtree Australia

Greater Sydney Area

Summary

A results-driven Engineering Manager with over 15 years of experience in backend development, specializing in Java, microservices, and cloud-native systems. I lead high-performing teams to deliver scalable, customer-focused software while fostering a culture of ownership and continuous improvement. With a strong interest in developer productivity and emerging technologies, I actively explore how Machine Learning and Generative AI can streamline workflows, enhance product capabilities, and accelerate team velocity. I bring a hands-on, pragmatic approach to leadership—balancing technical depth, people growth, and business impact.
